June 10, 2015

To whom it may concern,

This letter of commendation regarding Sebastian Kevany is in recognition of his services the Global Health Sciences Masters of Science in Global Health Program. Every year since 2010, Sebastian has presented a guest lecture in our program on Global Health Diplomacy. This lecture is often our students' only exposure to the topic. His lectures have been well received and he has had strong evaluations. Many of our students have connected with him afterwards for career development or topical advice. We look forward to continuing to work with him in the program.

Sincerely,

Madhavi Dandu

Madhavi Dandu, MD MPH
Associate Professor of Medicine
Director, MS in Global Health
UCSF
